Subject: RE: Notification: Joanne Lynch has sent you files

Joanne and Joe:

As we discussed in our April 28, 2016 conference call, EPA approved the BASF SRI Report dated June 2014. This final SRI Report updates all previous versions of the SRI report and this version should be included in the files sent to the EPA, RIDEM and Cranston library for public viewing. If you have any questions please contact me at 617 918-1362.

Frank Battaglia

Subject: Notification: Joanne Lynch has sent you files

Joanne Lynch has sent you 2 files using AECOM's File Transfer System.

Joanne Lynch says:

Frank -

The Supplemental RI (Revised) Report is attached to this email for download. This SRI (Revised) report is an update of the Nov 2012 Draft SRI Report submittal. This submittal includes data collected in accordance with the SRI Workplan Addendum (dated June 18, 2013) and with the Data Gap Characterization Workplan Addendum (dated December 6, 2013). The SRI (Revised) Report includes a revised conceptual site model, supplemental data tables (Appendix F) and revised figures that incorporates the 2013 and 2014 data collection activities. For ease of review, there is also a red-line strike out version (called: "Compared SRI Report_Nov2012_June2014", text only) to see where text changes have been made from the Nov 2012 version. The file: BASF SRI Report contains revised text, revised figures, and new data tables (as appendix F).

Please do not hesitate to contact myself or Joe Guarnaccia if you have any questions or comments. Best regards, Joanne

These files will be available for download until 6/26/2014
